

LADIES FUNFAIR PROGRAM REPORT

SAKHA WOMEN CELL, ICC, VISHAKHA

Today. 18/09/2017 A women's meet was organized in this village on this date? On that occasion, the dignitaries present at the event benefited.

In the presence of, the program was discussed on various issues like injustice, atrocities, related laws, policies against women in the society through public awareness communication skills, counseling through future programs by giving proper guidance to women.

Guest: Dr. Surekha Patil, Smt. Kiran Ramteke, Dr. Devendra Sontakke and Nagraire Sir

The mind gets tired, not the body, It is a well-known fact that your mental behavior makes you more tired than your physical work. For this, how could we stay in the four quarters and make the mind happy through our seminars, playful atmosphere and the program of the gathering. A seminar was held on how to keep the body healthy by tasting delicious food that

that pleases the mind while maintaining peace in the environment. Mentally healthy and physically fit was the result.

If women are happy in this experiment of happy Mela, their effects are immediately seen on their body. When we do pleasurable and invigorating activities, we usually do not get very tired because, I was excited and happy.

If done by the introductory

Thanks giving is over

**ICC ORGANIZE SEMINAR ON SEXUAL HARASSMENT
AT WORK PLACE TROUGH VISHAKHA CELL
ORGNIZE WORKSHOP REPORT
SAFETY MEASURES & LEGAL AID FOR WOMEN**

One day workshop was organized on this date. Distinguished women who have benefited from this program 19/02/2018 Every participant who was present on the occasion expressed their views on the occasion and how women can be safe on their own. This is not safe, she is being despised everywhere in the society, in the family, in the country

Human life is so complex that if you look at it everywhere, you can see that women are very confused, so the mental state of women seems to have deteriorated. It is a net that makes a person hollow out of the body. In the same way, harassment is always going on in the society as a person, especially a woman, does not express her reaction from the bottom of her heart. She should not spoil her respect in the family and society.

Participate: Dr Surekha Patil all Students Kundan Meshram, Sonali, Mona, Shital walthare, Rupali Nagpure

The fear of what people will say is always on her mind. The atmosphere in the house should not be spoiled. As a result, her mental state deteriorates and her health deteriorates, leading to many diseases. And this puts her life in danger and she is sacrificing her life.

Poverty, hunger, misery, and abortion threaten the peace of any country. So Mother Teresa was of the opinion that the only way to get rid of these enemies was to serve the afflicted. Such thoughts were put forward. His efforts to make the life bearable by giving love to the victims became world famous. Regardless of anyone's simple gratitude, Mother Teresa has been equated with continuous hard work.

In times of stress, when you are in a state of restlessness, reading such a book will not only calm you down but also show you the right way. Reading such books is better than medicine. The time spent on book tests gives you more benefits than you expect in the future. Such thoughts were expressed by dignitaries.

Words like goal, objective, challenge, confidence, hard work, hard work, etc. are always in the court of a woman's ear. And these are the words that have shaped our lives since childhood. Of course, if someone simply tells you about your success without these words, he simply ignores the fact that his conscious mind does not accept it, because we have a list of things like the effort required to achieve success, etc., fitted in our subconscious mind.

Words like goal, objective, challenge, confidence, hard work, hard work, etc. are always in the court of a woman's ear. And these are the words that have shaped our lives since childhood. Of course, if someone simply tells you about your success without these words, he simply ignores the fact that his conscious mind does not accept it, because we have a list of things like the effort required to achieve success, etc., fitted in our subconscious mind. As a result, we tend to focus on the things we love, the things that are difficult.

The rites inculcated in our minds attract us to difficult and expensive things. However, we neglect the things that are easy to get even though they are essential. In short, we make our life difficult. Such thoughts were expressed.

BY VISAKHA COMMITTEE
DISCUSSION PROGRAM ON RAGGING, SEXUAL ABUSE OF
GIRLS REPORT

A program was held at Athavale College of Social Work on the day of 08/10/2018 Lagging atrocities on girls and exploitation of boys. It prohibited any kind of bad incidents against girls, their exploitation, sexual abuse. Discussions were held on what laws have been enacted so far and how they have been implemented.

Seminars were held to read out the rules on how to avert girls. Today, a lot of lectures were given on how girls are victimized without speaking. Girls were called to be called. And their complaint is the grievance redressal center of Dr. Surekha N Patil, Head of Vishakha Cell / Sakha Disaster Management Department. So by meeting them and solving your problems, you will get the right kind of support from their guidance and also your problems will be solved? This information was given by the President.

Bharari Pathak / Damini Pathak comes to the college as this is the most common type at the college / college level because there are some problems at the college level from its point of view. Appears when performing tasks at the level. There was a lot of discussion from the guidance counselor to the students. And the event went well.

**ICC BY
WOMEN'S DAY PROGRAM
GUIDANCE PROGRAM REPORT**

Today 08/03/2019 Athavale Social Work College program was held.

Woman is the mother

Woman is culture

Woman is the imprint of innovation

Woman is the home of the house

Woman is a great work

Asha to this female power

Today, March 8, we gathered the survey here

Rani Lakshmbai, who struggled with the English, said, "I will never give up my Mary Jhashi."

Rajmata Jijau, who witnessed the struggle of Chhatrapati Shivaji Maharaj to create an independent Swarajya Many women in India have made a name for themselves in various fields. While studying, Dr. Babasaheb Ambedkar's wife Ramabai worked hard to pay for his exams. Many such examples point to the success of men in the pursuit of women. In her history, she has become a mother like Hirkani, who herself came down from Raigad with her love.

The woman who became the queen of Jhansi and fought with her baby tied on her back, understands that woman is a form of Agatha Shakti.

All the women here are happy today. But has woman really become independent? It is time to ask this question to the society. In today's society, women are insecure. Sexual exploitation and atrocities are endangering the lives of women and girls.

Guest: Dr. Surekha Patil, Dr. Savita Bhandarkar, Dr. Chandansingh Rotele,

Dr. Sarla Shanware, Social workers Vrushali Khedikar, Kirantai Rotele

In today's society, giving birth to girls is considered.

Hating girls is an insult to women The perpetrator must remember that the woman is someone's mother, sister or daughter, Male and female feudal lords should be brought into the society. Every woman is creating her own identity in the society. Their scope of work has expanded. We should encourage such women. She should be involved in decision making, not just family decisions.

Many esteemed women have expressed the view that our country will be safe, capable and strong only if women's dignity should start from our home.

Thank you

ON BEHALF OF SAKHA DISASTER AFFECTED WOMEN CELL WOMEN'S DAY PROGRAM REPORT

Today On March 12, 2020, the Women's Day program was held on March 12 in the college. Dr. Jyoti Nakatode, Dr. Aarti Pawar, Dr. Surekha Patil Prof. Amrapali Bhivgade, Pradnya Ganer, Sanger Madam were mainly present.

When Women's Day is celebrated on March 8, every woman shared her thoughts. International Women's Day International Women's Day Happy Women's Day to all the women who are still fighting for their existence. The woman is the wife of the moment and the mother of eternity. Savitribai Phule became India's first female teacher after marriage.

She has made an invaluable contribution to women's education. My Sindhutai Sapkal, the first female pilot of the orphanage, Sarla Thackral, women players P.T. Usha, Saina Nehwal, Sania Mirza and others. Many women have proved their mettle in their respective fields.

Today women are glorified but still women face many problems like women, feticide, sexual abuse, superstition, old customs etc. If the problems that plague women step by step are removed, then the scope of work of women will definitely expand.

You are the source of unconditional love and joy. Be strong yourself. Grow your self-confidence in any field. Be self-reliant.

**FELLOW DISASTER CELL
FAMILY INJUSTICE ATROCITIES BY FELLOW WOMEN
CELL**

GUIDANCE PROGRAM REPORT

Today, 15/01/2021 was given proper guidance to women regarding domestic injustice and atrocities? The dignitaries were present in it. Introductory remarks were made by Dr. Surekha Patil.

In the society today, we see that, as the society is evolving day by day, injustice, oppression, it is increasing, it is seen that I am selfishness, selfishness, me-mine, what about you? This condition is seen in many families. If power is in their hands, if it is selfish, ego, if it is me, then why not ask about the situation of that family? Lack of communication with people, no one but me.

Don't you want to ask about the atmosphere in that house? This degrades the mentality of women and their reflection is seen in the society and family. We see today that the society and the country are developing later, but if the mentality of women is not healthy, then it affects the body and worsens the state of mind. Should women behave under the oppression of men? This is the perception of some men. And because of this, women have to face many injustices, oppressions and obstacles. Despite being educated men, due to the rites performed on them, today we see in the society that educated

educated men have kept women under their control and deprived them of their freedom by imposing restrictions on women. In the same way, living in that environment weakens the mentality of the woman and affects her health and she is not always able to do her job properly by being in the bondage of men.

Even if she has enough soy to live and eat, her mentality is completely spent. Even though she is smart, her cleverness does not work. She is completely paralyzed because she is completely restricted. In it, if a man is looking at her physical movements with a bad eye, then there is no need to ask, what is her condition? In his introductory speech, Dr. Surekha Patil said that injustice and atrocities are still seen in the society.

FELLOW DISASTER CELL

WOMEN'S DAY PROGRAM REPORT

Today This program was conducted on 08-03-2021 at Athavale Social Work College, Bhandara through 'Sakha Apadgrast Cell'. On the occasion of that event, the principal of the college, Dr. Sarla Shanware, Dr. Surekha Patil, Dr. Jyoti Nakatode, Dr. Aarti Pawar, Prof. Amolsingh Rotele, while Professor Gun and teaching staff and student Gun were present in the dignitaries.

On the occasion of Women's Day, everyone shared their thoughts on women's respect, dignity, loyalty, goals, objectives, challenges, confidence, hard work in various ways. What is the reason why Women's Day is celebrated all over the country today? Why is Women's Day celebrated on March 8? Did you express this thought from your thoughts? Corona's position in the country, its rules, keep distance, wear a mask, follow the crowd, information was also given on how to take care of one's own family.

You just have to be more discriminating with the help you render toward other people. Even if you know these simple formulas for success in life, you will find simple techniques to succeed in life, women are given simple mantras. 'Air' is very necessary but it is easy to get so you don't even pay attention to it. It happens to all the essentials. In the same way, without a 'woman', the house has no home, but she has the neglect of the family and society, he said
