

Athawale College of Social Work, Station Road, Bhandara

Faculty Profile

Late Dr. Chandansingh P. Rotele

FOUNDER'S MESSAGE:

Athawale college of social work, Bhandara was established on 3rd September 1992 for mitigating the problems of education in the rural areas. From the beginning I had been thinking of a college with the aim and purpose of serving the society and its students. I firmly believe that real education should involve in Man Building task than memory Building.

The education should tune up the students minds for originality and creativity. The education should be properly trained and encouraged to face the problems. The important objective of the education is to develop complete personality of the students.

Students should be encouraged to participate in the extracurricular activities namely NSS, dance, drama, debate, Street plays, indoor and outdoor games etc. So that this experience makes them stand in good stead for taking the challenge of life. I would like extend my warm greetings and best wishes to all the ex-students. I also pray the almighty god for the prosperous life of students.

Smt. Kirantai C. Rotele

FOUNDER'S MESSAGE:

As per to me, Education is the life long process or one can say an exercise that is unbelievable exciting if only one wishes just to hop into the train of experience and ride to every conceivable place on the planet earth. This cannot done literally but we do manage it, that is first in college, then it is as we go through this journey is life. All should understand this, students, teachers, and parents that education is not restricted to lesson taught from textbooks is the four walls of classroom but apart from that teachers and parents should also encourage students and answer the questions, queries as they need or want to know.

The thirst of knowledge should be felt by every student; it should not be restricted to the pupil. The back of knowledge must be kept on adding by parents and teacher and students themselves too. Besides everything above that add to students becoming educated honestly and truly, institute, college, teachers, parents should ensure they receive the society of enriching and imagination which is more important than only knowledge. This makes productive adults, even a good citizen of the universe ready to contribute on their own to mankind.

My message to the principal, staff, students and esteemed parents, please dedicate to a correct understanding of what education really means and how it benefits understanding.

Dr. Kedarsingh C. Rotele
Director

Ms. Kajol C. Rotele
Director

FOUNDER'S MESSAGE:

The principal objective of the Institution and social work program is to prepare students to promote social justice by contributing to the advancement of knowledge and practice in the field of social welfare and the profession of social work. Our graduates have assumed leadership positions in such areas as teaching, research, administration, and community development with its policy analysis. In these various capacities, they use their scholarly abilities to improve the quality of policies, programs, and services in the field. More specifically, the objectives of the program are for students to acquire:

- A broad understanding of the major policy and practice trends and issues in the field of social welfare and the profession of social work;
- The substantive knowledge of some field of social welfare with particular emphasis on issues and questions within the field that require scholarly attention;
- The competence to conduct empirical research that informs and advances policy and/or practice in some area of social welfare;
- A balanced preparation for the professorate, including teaching, scholarship, and related faculty roles.

Dr. Naresh S. Kolte
Officiating Principal

Officiating Principal's Message:

Athawale College of Social Work, Bhandara, since its inception in 1992 has been persistently making efforts to keep pace with ever-changing scenario in social work education. The College has a rich legacy of social service for social development in rural, urban and tribal community. Innovative teaching methods, exercise of conducting programs on current social issues, and contribution in sustainable social development can be pointed out as some of the features of the college. The role of education is definitely not limited to giving and grasping knowledge and theory. The institution provide Professional Social Work Education to create next generation, citizens of character, strength & confidence through focused teaching, field work training, all round grooming, individual attention and personality enhancement to produced a cadre of professional social workers with value based social work education to promote competent human functioning. The ultimate goal of professional social work education is awakening the life of weaker section and marginalized people.
